Food and Drug Administration

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I buy a safe form of estrogen, which is compounded out of my state. I have done very well on this for years & my risk of breast cancer is lower than if I were taking Premarin. The big pharmaceutical companies may have a monopoly off the doctors but not on me!
